If you note the geographical distribution of these children it will be easy to see why it seemed wisest to discontinue the East Deering School. Unless 27 students in grades 1 to 6 could be collected for this school it would be cheaper to pay their tuition in Hillsboro. The quality of instruction is another factor which had to be taken into consideration.

The Deering students have fitted into the Hillsboro schools very nicely. It is interesting to note that the presidency of the student council, freshman, junior and senior classes are all held by Deering boys.

Two changes have occurred since last March which have upset the school budget. First, we had 5 new high school students move into Deering since the last school meeting which increased our high school tuition cost \$1,375. Second, our state aid was reduced from \$464.50 received last year to \$221.61 for this year. Although some children have moved out of town a careful study of the accounts show that the school district will need a deficit appropriation of \$538.00 to balance its accounts this year.

This year an effort has been made at all grade levels to stress the moral and spiritual values that have made this a great nation. Many of us were deeply impressed by the words of our President when he said, "America is great because she is good, and if ever America ceases to be good she will cease to be great." The school must take its place along with the

church and home in teaching the love of truth, justice, freedom, and peace if we wish to preserve the way of life we now enjoy.

During the remainder of this year the faculty is going to re-examine the ways we teach reading to see how we can become more efficient in this field. Movies, radio, and TV have reduced the time we have left for reading but ability to read quickly and accurately is still the basis for many occupations.

In closing I would like to xepress my appreciation to the school board, and parents for their cooperation in making this a successful school year.

Respectfully submitted,  
J. HAROLD MOODY  
Superintendent of Schools
